Outcomes (11/07/2023)

Nr.	Topic	Responsibility
1.1	He highlighted the outcomes of the summer school, emphasizing the invaluable knowledge exchange, collaborative module development, and the strengthening of international professional connections. The participants' active engagement and successful completion of the program underscore the impactful success of this initiative.	Kenesh Dzhusupov
1.2	She enthusiastically praised the summer school initiative, stating that she found it truly remarkable. She mentioned that the feedback from participants has been overwhelmingly positive, underscoring the value of this unique experience and its motivational impact on all involved.	Manuela Konrad
1.3	She shared her observations, noting that upon her arrival and commencement of lectures during the second week, she found all participants to be remarkably energetic and interactive. Despite the complexity of the subject, dietetics, she was impressed by their keen interest and eagerness to learn.	Indrani Kalkan

Nr.	Topic	Responsibility
1.4	She expressed her gratitude towards all the participants of the summer school, highlighting their professionalism and high energy levels in their approach to learning.	Fatmanur
1.5	Next week, Khuseyn will send a questionnaire about the Summer School to all participants.	Kenesh Dzhusupov
1.6	Okey, I will send it	Khuseyn Egamnazarov
2.1	I don't see that you are actively promoting information through news, links, or events. Only KAZNMU and Osh State University have provided this information, while the rest of the universities remain silent.	Kenesh Dzhusupov
2.2	Yes, we will quickly address this information gap. We will create posts across all social media platforms and also produce an informational newsletter.	All
3.	As you all are aware, we require an independent expert, and we have received only 3 CVs. Among these three, we have selected one expert, and we are now in the process of finalizing the agreement with them. His name is Shaten Toktogaziev, he is from Bishkek, Kyrgyzstan. He will most likely start his work at the end of August and he will contact Hussein. Perhaps he will do a training with the universities of Central Asia, so be prepared.	Kenesh Dzhusupov
4.	She presented the schedule of modules, tests, and trainings to everyone. The schedule outlines the sequence of upcoming sessions, interactive assessments, and skill-building exercises designed to enhance the learning experience. Participants can anticipate a structured and comprehensive curriculum that covers a range of topics in depth. She also informed everyone about the number of courses within each module.	Manuela Konrad
5.1	The nutrition and dietetics training will take place in Istanbul at Medipol University, starting from November 6th and concluding on November 10th. We are currently in the process of organizing accommodations and developing a schedule for this educational tour to Istanbul. The program will span four full days of learning, followed by a day of visiting Medipol University's campuses, hospitals, and laboratories.	Indrani Kalkan
5.2	I would like to remind you that we have visits planned for both Istanbul and Graz. The module creators will be the primary participants for these visits. Coordinators have the option to travel using university funds or project funds.	Kenesh Dzhusupov
6.	Due to summer holidays for all of us, I suggest to move the due date for financial report to 15/09/2023	Kenesh Dzhusupov
